

Annotation Guidelines

Your task is to classify motion clauses into four motion constructions according to the constituents used to express different aspects of movement (i.e., *Motion* or the presence of movement, *Path* or the trajectory of movement, *Ground* or the reference point with respect to which an object or a person is moving), e.g.

La rana salta^{MOTION} *del*^{PATH} *jarro*^{GROUND} ‘The frog jumps out of the jar’
(‘motion_path_ground’ construction)

Saltó^{MOTION} *la valla*^{GROUND} ‘(He) jumped (over) the fence’
(‘motion_ground’ construction)

File names: ‘frog_coder2.csv’; ‘bean_coder2.csv’, ‘input_coder2.csv’

Main steps:

1. Open a .csv file (i.e., frog_coder2.csv or bean_coder2.csv). There are seven columns in this spreadsheet: ‘participant’, ‘time’, ‘motion.clause’, ‘motion.verb’, ‘path’, ‘ground’, ‘constr.type’. Your task is to fill in ‘motion.verb’, ‘path’, ‘ground’, and ‘constr.type’ columns.
2. Read the first motion clause in line 2, column C ‘**motion.clause**’, e.g., *Mr. Bean trepa del coche*
3. Identify a motion verb in the clause using a list of motion verbs (see the Table 1 below) and write an infinitive of this verb in column D ‘**motion**’, e. g., *trepar*.
 - a. Do not include Spanish analytic future constructions ‘ir + a + infinitivo’:
um el niño va a volver a su casa con su perro: volver a su casa

	A	B	C	D	E	F	G
1	participant	time	motion.clause	motion.verb	path	ground	constr.type
2	120	1	&um Mr Bean trep(a) [/] trepa del coche &um	trepar			
3	120	1	&um Mr Bean &um sube el calle &um pero &um us(a) [/] usa solamente un pie				
4	120	1	&um Mr Bean corre en el centro comercial &um &um y con un bolso &um				
5	120	1	&um Mr Bean corre en su habitaciv2n &um con mucho alegre y &um				

4. Use the list of directional prepositions (see the Table 2 below) to identify a directional preposition (if it is present in the clause) that expresses a trajectory of the movement outside the verb. Insert it in the column E ‘**path**’, e.g., *de(l)*

	A	B	C	D	E	F	G
1	participant	time	motion.clause	motion.verb	path	ground	constr.type
2	120	1	&um Mr Bean trep(a) [/] trepa del coche &um	trepar	de(l)		
3	120	1	&um Mr Bean &um sube el calle &um pero &um us(a) [/] usa solamente un pie				
4	120	1	&um Mr Bean corre en el centro comercial &um &um y con un bolso &um				
5	120	1	&um Mr Bean corre en su habitaciv2n &um con mucho alegre y &um				

5. Identify a noun or a noun phrase (if it is present in the clause) that conveys locative information and write it in the column F ‘**ground**’, e.g., *coche*

- a. In case of an incomplete utterance, such as *andar por la* ‘walk along the’, the definite or indefinite article (e.g. *el/la* ‘the’, *un/una* ‘a/an’) should be coded as ‘Ground’ because it usually appears in the object position and normally modifies a noun that expresses ‘Ground’.

	A	B	Formula Bar	D	E	F	G
1	participant	time	motion.clause	motion.verb	path	ground	constr.type
2	120	1	&um Mr Bean trep(a) [/] trepa del coche &um	tregar	de(l)	coche	
3	120	1	&um Mr Bean &um sube el calle &um pero &um us(a) [/] usa solamente un pie				
4	120	1	&um Mr Bean corre en el centro comercial &um &um y con un bolso &um				
5	120	1	&um Mr Bean corre en su habitaciv2n &um con mucho alegre y &um				

6. Identify the type of a motion construction according to its syntactic features (see the Table 3 below) and insert the corresponding code in the column G ‘**constr.type**’ (i.e., motion, motion_ground, motion_path, motion_path_ground):

Table 3. Types of Spanish motion constructions with codes

Type of a Motion Construction	Example	Code
1. Motion ØPath ØGround	<i>ir</i> ‘go’	motion
2. Motion Path ØGround	<i>ir arriba</i> ‘go up’	motion_path
3. Motion ØPath Ground	<i>tregar el �rbol</i> ‘climb a tree’	motion_ground
4. Motion Path Ground	<i>caminar en el parque</i> ‘walk in the park’	motion_path_ground

Note. Ø denotes a missing constituent

	A	B	C	D	E	F	G
1	participant	time	motion.clause	motion.verb	path	ground	constr.type
2	120	1	&um Mr Bean trep(a) [/] trepa del coche &um	tregar	de(l)	coche	motion_path_ground
3	120	1	&um Mr Bean &um sube el calle &um pero &um us(a) [/] usa solamente un pie				
4	120	1	&um Mr Bean corre en el centro comercial &um &um y con un bolso &um				
5	120	1	&um Mr Bean corre en su habitaciv2n &um con mucho alegre y &um				
6	120	1	&um Mr Bean pasv� [: pasea] [*] en un campo en un calle o en carretera lo siento				

7. Follow the same procedures to classify all motion clauses in this .csv file and in the rest of the files.

Table 1. List of Spanish motion verbs

(adapted from Cifuentes-Férez, 2009; Hijazo-Gascón, 2021; Özçalışkan & Slobin, 1999)

Motion Verb	English
abandonar	abandon
abordar	approach, board
acabar	end up
acceder	gain access into
acercar(se)	approach
acompañar	accompany, to go with someone
acostar(se)	lay down, lie down
acostarse	lie down (in bed)
adentrar(se)	go into the part interior
alcanzar	reach
alejar(se)	to move far away from
andar	walk
aparecer	turn up
aparecer	turn up
apoyarse	lean on
arrastrar	drag oneself, crawl
arribar	to reach port, arrive
arrimar(se)	move closer to
arrojar(se)	to throw, to throw oneself
ascender	ascend
atravesar	cross, go through
atropellar	run over
avanzar	move forwards
bailar	dance
bajar	go down
brincar	jump
bucear	dive, swim down under the water
caer(se)	fall
caminar	walk
cesar	stop
coger	take
conducir	drive
correr	run
cruzar	cross
danzar	dance
dejar	leave
descender	go down

deslizar(se)	slide
devolver	return
dirigir(se)	lead someone or something to somewhere; to head to; direct oneself
echarse	lie down
elevar	move upwards
empujar	push
encorrer	chase(running)
entrar	enter
escalar	climb
escapar(se)	escape
esconder(se)	hide
esquiar	ski
flotar	float
frenar	break
gatear	crawl
girar	turn, change one's direction
huir	flee
hundir	sink
inclinarse	incline, bend, bow
introducirse	insert oneself
ir(se)	go
lanzar	throw
lanzar(se)	throw oneself
levantar(se)	get up
llegar	arrive
llevar	carry
llevarse	carry
manejar	drive
marchar(se)	go away
meter(se)	get into
montar(se)	mount; get on/onto/into
mover(se)	move
mudar	to go from one place to another
nadar	swim
navegar	navigate
parar	stop
parar	stop
pasar	pass; go through, over, along
pasear	stroll
patinar	skate
pegar un salto	jump

perseguir	chase
pisar	tread
rebotar	bounce
recorrer	move, go around a place
regresar	come back; return
remontar	go up, swim up, soar
rodear	surround, with, go round
salir	exit
saltar	jump
seguir	follow
sentar(se)	(cause to) sit down
sobresaltar	jump
subir(se)	go up; ascend
surfear	surf
tirar	throw(away)
tirar(se)	throw; throw oneself
transitar	go along a place or way
trasladar(se)	move from one place to another
tregar	climb up
tropezar(se)	trip
venir	come
viajar	travel
virar	swerve
volar	fly
volver(se)	come back; return

Table 2. List of directional prepositions

(adapted from Aske, 1989; Cadierno, 2004; Cadierno & Ruiz, 2006):

Preposition	English
a	‘to’: <i>ir a la playa</i> ‘go to the beach’
abajo	‘down’
adentro	‘inside of’
adelante	‘ahead of/in front of’
afuera	‘outside of’
atrás	‘behind, in back of’
a lo largo (de)	‘along’
a través de	‘through’
al lado (de)	‘beside, next to’
alrededor (de)	‘around’
arriba (de)	‘up’
cerca de	‘near’
contra	‘against’
de	‘from’: <i>llegar de Madrid</i> ‘arrive from Madrid’
debajo (de)	‘down’
delante (de)	‘ahead of/in front of’
dentro (de)	‘inside of’
desde	‘from’
detrás (de)	‘behind, in back of’
en	‘in’: <i>correr en el parque</i> ‘run in the park’
en dirección a	‘in the direction of’
encima (de)	‘above, over, on top of’
enfrente (de)	‘in front of’
entre	‘inside’
fuera (de)	‘outside of’
hacia	‘towards’
hasta	‘up to’
junto a/con	‘next to, together with’
lejos (de)	‘far away from’
para	‘to/for/towards’
sobre	‘on/over’: <i>saltar sobre perro</i> ‘jump over dog’
